Opportunity

Problem

Today many of us are left unprepared for unforeseen events in life. Loss of employment for many different reasons is a part of today's workforce, whether its job layoff, medical conditions, a natural disaster in your area, family matters P2P Global Network has you covered!

Solution

P2P Global Network offers supplemental income due to loss of employment for any reasons lasting 30+ days. Our goal is to offer our services all over the globe with low cost; in a trustless environment by utilizing blockchain technology. With P2P Global your agreement is not with a company but rather a trustless, secure, and efficient blockchain system that is coded to honor that agreement. Its as simple as 1,2,3; you pay your monthly dues, become unemployed, and receive P2P Tokens exchangeable for your local currency.

Market

Our target market is the local worker of today's workforce across the globe. In many areas a supplemental income is not available, and in others the cost are so far out of the average employee budget they can not afford it. By offering low cost plans we will close the gap between the haves, and have nots in distress situations.

Problem & Solution

Problem Worth Solving

COMPLICATED, TIME CONSUMING AND STRESSFUL

When people pay into unemployment they will only receive an amount based off of what they have paid in.

The biggest issue is getting denied worrying and wondering if and when you will be getting paid.

In between stage of filing for disability and it is taking too long bills are stacking up and stress levels are rising.

Control of an activity or organization under a single authority

Single point of failure

Dependency on single source of truth
